

MARYLAND MOVE-IN CHECKLIST

It is in your best interests to request a walk through with your new landlord within 15 days of move in to document any pre-existing damages...it is also your right under Maryland Housing Law. Always keep a copy of this with your lease and give a copy to your landlord for their records. You should use this (or a similar form) to conduct the walk through with your landlord.

Maryland Code, Real Property, Section 8-203

(d) List of Existing Damages – either the lease or the receipt must contain language informing the tenant of his right to receive from the landlord a written list of all existing damage to the leased premises if the tenant so requests in writing within the first 15 days of his occupancy.

If requested, the landlord must provide the list of damage. If he does not, he is liable to the tenant for three times the amount of the security deposit. This liability of the landlord may be reduced by any damages or unpaid rent which he is entitled to under this (Security Deposit) section.

Now that you've found an apartment that interests you, a thorough inspection of the property is recommended. This should be done with the property manager present. A written copy of this or any other document describing the condition of the property should be mailed to the property manager within 15 days of taking occupancy of the space. Make sure you keep a copy for later reference as well as include any photographs you send.

Living Room
